I have audited the accompanying statements of financial position of the Oneida Tobacco Asset Securitization Corporation, (a non-profit corporation) as of December 31, 2025 and 2024, and the related statements of activities, and cashflows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

**Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Oneida Tobacco Asset Securitization Corporation, as of December 31, 2025 and 2024, and the changes in its net assets and cashflows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

MANAGEMENT'S DISCUSSION & ANALYSIS

Total expenditures for the year ended December 31, 2025 were higher than the previous year. The increase amounted to \$2,884,133, or approximately 41%. The increase was primarily due to the accreted interest on the NYCTT V Bonds.

The deficit in Net Position is primarily due to non-cashflow items accrued each year. These items are the accreted interest on bonds and amortization of bond discount. For the year ended December 31, 2024 these amounts were \$3,923,153 and \$15,179, respectively.

### **ECONOMIC FACTORS**

A decline in cigarette sales, since the inception of OTASC, has had an effect on the tobacco receipts received. If the decline continues or becomes more significant this could seriously affect the tobacco receipts received by OTASC. Tobacco receipts are essentially the sole source of income from which debt service is paid.

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### ***Financial Reporting Entity***

The Oneida Tobacco Asset Securitization Corporation (OTASC) is a special purpose, bankruptcy-remote local development corporation incorporated under the provisions of section 1411 of the State's Not-For-Profit Corporation Law. The Corporation was established in December 2000 for the exclusive purpose of acquiring all rights, titles and interest the County of Oneida is due under the Master Settlement Agreement (MSA), the result of tobacco industry litigation. OTASC acquired the rights to receive all future Tobacco Settlement Receipts (TSR's). The acquisition price of the County's future right, title and interest in the TSR's has been financed by the issuance of serial bonds, as part of the New York Counties Tobacco Trust I, Trust IV and Trust V, which issued Tobacco Settlement Pass-Through Bonds. TSR'S which exceed various expenses of OTASC, debt service and required reserves are transferred to a Residual Trust, under the entitlement of Residual Certificate. The County has a beneficial interest in the Trust and ultimately receives funds held by the Trust. The County has no legal obligation for any of the liabilities or debt which may exist in OTASC.

In order to meet payments on debt service and other obligations the OTASC is dependent upon the receipt of future TSR's.

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned, and expenses when incurred.

### ***Deposits held by Trustee***

Funds under control of the Trustee are funds held in various types of investment accounts. These funds are held by the Trust and are invested in money market accounts and US Treasury obligations. These investments are recorded at cost which approximates fair market value as of December 31, 2025 and 2024

### ***Income Taxes***

The Oneida Tobacco Asset Securitization Corporation is a not-for-profit organization and exempt from income taxes under section 115(1) of the Internal Revenue Code.

***Management's Use of Estimates***

OTASC prepares its financial statements in conformity with accounting principles generally accepted in the United States which require management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. Estimates are used when accounting for certain items such as future collections on receivables, liquidity reserves, and contingencies.

**NOTE 2 - INTANGIBLE ASSETS**

Original issue discount of the Tobacco Settlement Pass-Through Bonds, Series 2005 A,B,& C, have been capitalized and are being amortized over the life of the bonds, (5 - 40 years). As of December 31, 2025 intangible assets were as follows for the 2005 bonds:

Original Issue Discount	\$ 607,158
Accumulated Amortization	- <u>309,904</u>
<b>NET OID</b>	<b>\$ <u>297,254</u></b>

#### **NOTE 4 - DEPOSITS HELD IN TRUST**

Under the terms of the bond indenture agreement certain accounts were to be maintained by a Trust Company to provide for various functions of the bond repayments. The Liquidity Reserve Account, established with proceeds from the bond sales is required to maintain on deposit \$4,574,750; at December 31, 2025 the balance was \$4,576,218. This has been determined adequate to service one year's required debt service. Other accounts serve to act as a conduit for debt service repayment and collection of the TSR's.

#### **NOTE 5 - RELATED PARTY**

OTASC is considered to be a special purpose local development corporation and in the opinion of legal counsel to be bankruptcy-remote from the County of Oneida. However, OTASC's board of directors is comprised of a majority of elected or appointed officials of the County of Oneida, due to this the non-profit organization is considered to be a special purpose local development corporation by New York Public Authorities agency. For financial statement purposes, OTASC is considered a component unit of the County of Oneida for the same reason.

#### **NOTE 6 - CONTINGENCIES**

The primary revenue of OTASC is the receipt of future tobacco payments in accordance with the Master Settlement Agreement between 46 States (including New York) and members of the tobacco industry. The collection of future tobacco payments have many risks associated with it. These risks include, smoking trends, regulatory restrictions and legislative initiatives, potential adjustments to MSA payments, bankruptcy by member(s) of the tobacco industry which are part of the MSA, and lawsuits against these members. The occurrence of any of these risks could have an affect upon the amount of payments received by OTASC, and this affect could be significant. The OTASC's financial existence and its ability to remit debt service payments, relies upon the collection of the future tobacco payments.
