Re: Request to the City of Utica for a resolution

PUBLIC SAFETY

Honorable Members:

WAYS & MEANS

RECEIVED
ONEIDA COUNTY LEGISLATURE
2010 FEB 29 AM 9:29

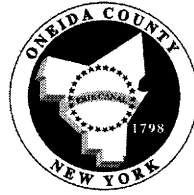

As I am sure you are all aware, the parking situation at the County building can be difficult. As such, I am respectfully requesting that the Oneida County Board of Legislators request the City of Utica Common Council to pass the required resolution(s) that would enable enforcement of the Handicap parking and Fire Lane Parking zones within our 800 Park Ave. property and the County owned lots surrounding the Park Ave campus. Without the legislation of such parking ordinances we are unable to enforce violations within these critical areas. It is imperative that these spaces are kept clear for those who are authorized to use them and it seems the only way to accomplish this is to start ticketing the violators.

I respectfully request the Board's consideration of this appointment at its earliest opportunity. Please feel free to contact me with any questions or concerns.

Sincerely,

Anthony J. Picente Jr.
Oneida County Executive

RE: Committee Appointment

Dear Mr. Fiorini:

I must respectfully decline the recent appointment as Vice Chairman to the Public Health Committee. I feel I do not have the expertise in this field to effectively serve as Vice Chairman.

I will however remain as a member on the Public Health Committee.

Thank you.

Re: Public Hearings
Funding for Consent Order Repairs in Municipal Systems
Phase 1-Sanitary Sewer Collection System-Manhole Rehabilitation
Phase 2-Sanitary Sewer Collection System-Sewer Rehabilitation/Replacement

WAYS & MEANS

Dear County Executive Picente:

The Department of Water Quality and Water Pollution Control is in the process of preparing the necessary documents to secure funding for projects listed above.

Article 5-A, Section 268 of the County Law requires, among other things, that a public hearing be held by the Board of Legislators to consider the improvements that will be made by the projects in question. These public hearings are required before the Board can consider bonding resolutions for the projects. The Board must pass the attached resolutions establishing the public hearings to continue the funding process.

Shumaker engineering has calculated estimated cost of these projects on annual basis for the average ratepayer in the portion of the Sewer District affected by these projects to be \$15 per year and \$55 per year respectively. The debt service for these projects will be paid using the \$1.05/thousand gallon surcharge that is currently being collected from these ratepayers.

I would appreciate consideration of this request by you and Board of Legislators so that the legislation could be acted on by the full Board on March 24th. This would allow the public hearing to be held prior to the Board meeting on April 14th. I am available to meet with you or the Board at your convenience to discuss this request and explain the project in more detail.

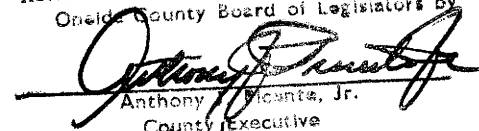

Thank you for your consideration in this matter.

Sincerely,
**THE ONEIDA COUNTY DEPARTMENT OF
WATER QUALITY AND WATER POLLUTION CONTROL**

Dear Mr. Billard:

On Thursday, February 25, 2010, the Oneida County Finance Department received bids on various tax delinquent properties. Our request for Board consideration on these property bids has been submitted.

Per your request, we are asking that the auction property bids be expedited through the committees and may they be added to the agenda for the March 24, 2010 Board Meeting. Bidders are anxious to secure the buildings due to winter conditions that still exist.

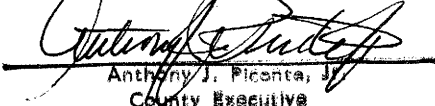

Sincerely yours,

WAYS & MEANS

Honorable Members:

During the process of preparing for the closing of the County's accounting records for 2009, deficit balances were identified in a number of employee fringe benefit accounts that will necessitate transfers of funds. The transfers are partially covered by surplus funds in the 2009 budgets of other related fringe accounts. In all but a few instances these transfers are made from unencumbered balances in other appropriation accounts within the respective departments.

The shortages in departmental Health Insurance accounts are the result of an evolving workforce, both with respect to the number of employees in each department and in the Health Insurance coverage that the employees select combined with the fact that RMSCO Health Insurance claims were higher than anticipated.

Due to the need to close the accounting records for 2009, I ask that these transfers be acted upon at the **March 24th meeting**. I therefore request your Board approval for the following **2009** fund transfers:

Re: Utica Safe Schools Project Contract

Dear Mr. Picente:

Enclosed is a contract between Probation and Utica Safe Schools to reimburse us for costs incurred by assigning a Probation Officer to work in and out of Donovan Junior High School. This Officer identifies students needing early intervention, participates in IRT (Initial Response Team) conferences, and supervises students on probation who attend that school.

We shifted an existing Probation Officer there without hiring thus the \$54,253 will be applied to our existing Budget (as stated in our approved Budget).

This is certainly a win-win situation and we proudly request the Board to pass a Resolution approving this Contract.

Please return two copies when approved.

Enclosures: (Contract, Contract Tracking Sheet, Contract Summary)

Oneida County Board of Legislators
Contract Summary

Name of Proposing Organization: Oneida County Probation Department

Title of Activity or Service: Utica Safe Schools

Proposed Dates of Operation: 1/1/2010 to 12/31/2010

Client Population/Number to be served:

Summary Statements:

Narrative Description of Proposed Services: Provides school based probation services to Donovan Jr. High School in Utica to reduce PINS and Juvenile Delinquency actions in the Probation Department and family Court. Backbone of project is the IRT (Initial Response Team) approach of identifying at risk youth early and providing school based and community preventive services, overseen by the Probation Department.

- 1) Program/Service Objectives and Outcomes: Reduce formal Family Court PINS filings The Rome project reduced filings from(60) in 2005-06 to (7) in 2008-09 which reduces the incidence of costly residential placement at over \$100,00.00 p/youth p/yr. Thus far, since its inception in October 2009 the Utica program has handled (35) cases with only three being referred to Probation as Pre-PINS and none to family Court,
- 2) Program Design and Staffing: Program employs (1) Probation Officer and that Probation Officer is stationed at Donovan school and is supervised by the Utica Juvenile Probation Supervisor. During summer and school recess this officer work out of the Utica office conducting routine probation duties of Cost Center 3140.
- 3) Total Funding Requested: (NONE) Account #: 3140

Total program cost of \$54,253.00 is paid by the Utica Safe Schools Inc to the County. The (1) Probation Officer is already in the Approved Cost Center 3140, therefore the reimbursement from Safe Schools is applied to reduce the overall cost of 3140. In addition the county receives 16% reimbursement for the position from State Probation DPCA

Funding Recommendation: Oneida County does not have to supply any additional funding. Reimbursement from the school is used to offset the total cost of 3140 Office of Probation position.

Cost Per Client Served: Based on an estimate of (125) clients served the reimbursement will be approximately \$432.00 p/client paid in full by the school district

Past Performance Data: based on the Rome model and programming thus far in Utica we anticipate at minimum an 85% reduction in new cases presented for formal PINS services by the county.

O.C. Department Staff Comments: Probation Department highly recommends approving the Probation department's partnership with Utica Schools as a cost effective method of reducing incidents of PINS behavior an in reducing county cost of formal programming and residential placement.
