Dear Mr. Picente,

The Workers' Compensation Committee on January 13, 2016 selected By the Numbers Actuarial Consulting, Inc. from 3 bids to perform an independent actuarial analysis of the Plan's liabilities as of 12/31/15 and to compute an exit fee for a former participant, the Village of Prospect. Our County auditors had pointed out that an actuarial analysis is essential in determining the appropriate capitalization and funding levels for the County's Self-Insurance Plan. Our local law also provides that when a participant leaves the plan the Board will hire an actuary to determine its full liability to the plan.

Attached herewith is the contract between the Oneida County Self-Insurance Plan and By the Numbers Actuarial Consulting, Inc. Once the contract is fully executed it will need Full Board approval pursuant to Local Law. If this contract meets with your approval, please forward it on to the Full Board for their consideration.

Thank you,

Michael Lally

Re: Authorization to Apply for NYS Water Grant Assistance
NYS Water Infrastructure Improvement Act of 2015
Round 2 Grant Applications

Dear County Executive Picente:

The New York State Water Infrastructure Improvement Act of 2015 authorizes the New York State Environmental Facilities Corporation (EFC) to provide grants to assist municipalities in funding water quality infrastructure improvements. NYS water grants are available for both drinking water and sewage treatment works projects that protect or improve water quality and/or protect public health. EFC is currently offering \$75 million in NYS Water Grants for both clean and drinking water projects in Round 2. The maximum grant that could possibly be received per municipality is \$5 million.

One of the eligible project categories under this grant program has to do with Combined Sewer Overflow (CSO) / Sanitary Sewer Overflow (SSO) projects. Consequently, the infrastructure improvements that are being done to eliminate the SSO at the Sauquoit Creek Pumping Station and the upgrades being conducted at the Oneida County Water Pollution Control Plant fit well with this grant program.

The application requires that the governing body of the municipality authorize the submission of applications for this grant program. Consequently, the Board of Legislators must authorize the submission of the grant applications by someone on behalf of Oneida County.

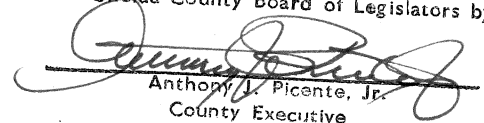

To facilitate the grant application process, I respectfully request the Board of Legislators authorize me to submit applications for NYS Water Grant Assistance under Round 2 funding. **I further request that this be done at their April 13th meeting as grant applications for this round of funding are due April 15th.**

I am available to meet with you or the Board at your convenience to discuss this request and explain it in more detail. Thank you for your consideration in this matter.

Sincerely,
**THE ONEIDA COUNTY DEPARTMENT OF

BOARD OF ELECTIONS
ONEIDA CO., N.Y.

Dear County Election Commissioners:

The New York State Board of Elections is working to extend the Voter Education/Poll Worker Training and the New York State Poll Site Access Improvement contracts for another year from April 1, 2016 until March 31, 2017.

The attached checklist indicates which of your Voter Education/Poll Worker Training and Poll Site Access Improvement contracts will be extended as they have an unexpended balance. If there is a check mark in that box, you will need to sign, title, date, notarize, and return all four copies of each contract extension to the State Board of Elections by March 31st.

Please note that the contract extensions reflect the original contract amount and not your current balance. This simply extends the duration of the contracts and makes no other amendments.

Your balances as of February 11, 2016 are:
Poll Worker Training/ Voter Education: \$25938.96
NYS Accessibility Funds: \$0

You will receive a copy of each contract for your records when the contracts have been signed and approved by the State Comptroller, if necessary.

Thank you and if you have any questions, please feel free to contact us at (518) 474-1953.

WAYS & MEANS

Dear Mr. Picente:

I am submitting the following Purchase of Services Agreement for review and approval by the Board of Legislators.

Enclosed is a renewal Purchase of Services Agreement with Kids Oneida Inc. for operation of the Step Down Program.

The services will be a scaled back wrap around model with less intense service and lower cost than the Kids Oneida Program. The children entering the Step Down Program will be selected from the high cost residential care and Kids Oneida Program. This program will create a less intense, less costly option for the entire service system forcing residential care institutions and Kids Oneida to expedite cases through the system. The Step Down Program will continue to reduce the cost of out of home placements by appropriately placing the identified children in a lower level of care.

The services are paid on rate of \$ 1,173.00 per month per child with a maximum of 40 slots for the term of January 1, 2016 through December 31, 2016 and a rate of \$ 1,195.00 per month per child with a maximum of 40 slots for the term of January 1, 2017 through December 31, 2017. The two year contract maximum cost is \$ 1,136,160.00 with a local cost of 27.18 % or \$ 308,808.29.

I am respectfully requesting that this matter be forwarded to the Board of Legislators.

Thank you for your consideration.

Sincerely,

Lucille A. Soldato
Commissioner
