WAYS & MEANS

Re: Public Safety Interoperability Communications Project – Rome Site

Dear County Executive Picente,

In support of our public safety interoperability communications project, the attached land lease agreement will allow for the construction of a public safety radio communications tower on land owned by the City of Rome that is located on South Charles Street in the City of Rome. This lease is necessary due to coverage needs in the Rome and surrounding area and will facilitate essential communications with public safety agencies across Oneida County. It was decided that constructing our own tower will afford us not only financial, but also operational efficiencies.

The lease will involve no cost to the County.

I respectfully request that you forward this on to the Board of Legislators for approval and upon their approval I ask for your signature on the enclosed lease.

Thank You.

Sincerely,

Kevin W. Revere  
Director of Emergency Services
