

Home Fire Safety and Burn Prevention

Space Heaters

Keep heaters away from things that can burn

- Put the heater on the floor
- Keep it 3 feet/1 meter away from beds, curtains, clothes, and furniture.
- Plug the heater into the wall.
- Do not use an extension cord or power strip
- Turn it before you leave or sleep.

Rechargeable batteries:

Can be found in phones, laptops, e-bikes, scooters, toys

Batteries can catch fire prevent by:

- Use the charger that came with the device
- Charge on a hard, flat surface.
- Do not charge batteries on beds, couches, or any soft surface.
- Charge away from doors, hallways, stairs, and exits. Keep your way out clear.
- Do not charge batteries overnight

Keep children safe

Keep fire tools locked up

- Keep matches and lighter away from children.
- Keep cigarettes, vapes, and smoking items away from children.
- Put these items up high or in a locked cabinet.

If someone smokes

Smoke outside. Put it out.

Smoke outside

- Use a deep, strong ashtray
- Put cigarettes all the way out.
- Do not smoke in bed.
- Do not smoke if you are sleepy.
- Do not smoke near medical oxygen.

+ Burn First Aid

- Cool the burn with cool running water
- Cool for at least 5 minutes
- Cover with clean gauze or a clean cloth
- Call 911 or get medical care for a serious burn

Do not use ice, butter, oils, honey, or toothpaste

Home Fire Safety and Burn Prevention

Stay in the kitchen when cooking.

Cooking fires can start when no one is watching the food cook

- Stay in the kitchen when food is cooking
- If you leave the kitchen for any reason, turn the stove off
- Do not cook if you are tired or sleepy.

Keep fabric and flammable items away from the heat

- Roll up long sleeves tightly.
- Tuck in loose clothing.
- Keep scarves, head coverings, and loose fabric away from the stove.
- Move towels, paper, food bags, and plastic away from the stove.

Keep children safe

- Keep children 3 feet/1 meter from the stove.
- Use back burners when you can.
- Turn pot handles toward the back.
- Keep hot food and drinks away from counter edges.
- Do not hold a child while cooking.
- Keep appliance cords coiled and away from counter edges

Oil or grease fire?

Do NOT use water.

- Turn off the stove if safe.
- Slide a lid over the pan.
- Do NOT move the pan while it is hot
- Leave the lid on until the pan is cool.
- Get out and call 911 if the fire is too big.

Do NOT use water!

Clothes on fire? STOP. DROP. COVER YOUR FACE. ROLL
Roll over and over or back and forth until the fire is out.
Call 9-1-1
