Goals of Today's Meeting

Engage stakeholders in Prevention Agenda planning

Gather feedback and insights on health issues

Inform the Oneida County Community Health Assessment

Plan for Today

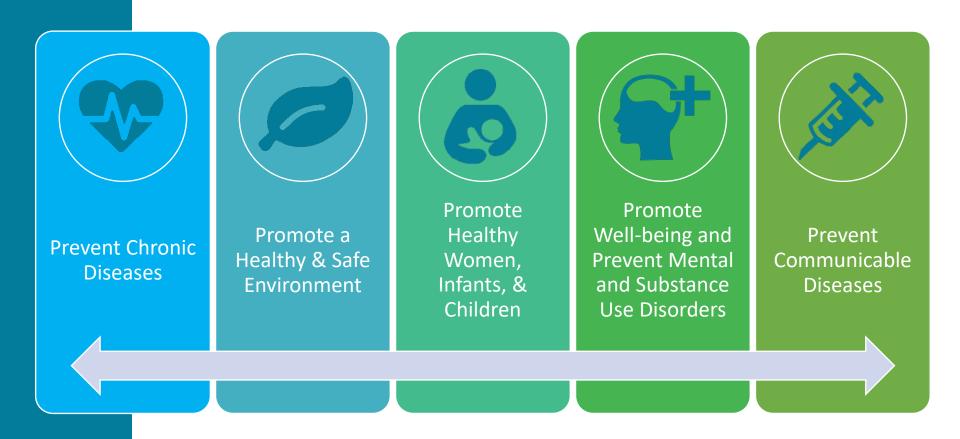

Background on the NYS Prevention Agenda

NYS Prevention Agenda

- Statewide initiative
- Plan for improving health and reducing health disparities

SOCIAL DETERMINANTS OF HEALTH

The social determinants of health are the conditions in which we are born, we grow and age, and in which we live and work. The factors below impact on our health and wellbeing.

Childhood experiences

Housing

Education

Social support

Family income

Employment

Our communities

Access to health services
