

## EXTENSION OF PUBLIC COMMENT PERIOD

### GRIFFISS INTERNATIONAL AIRPORT BUSINESS PARK DEVELOPMENT PROJECT ENVIRONMENTAL ASSESSMENT

Oneida County announces the extension of the public comment period for the Draft Environmental Assessment (DEA) and U.S. Department of Transportation – Draft Section 4(f) Determination for the proposed Airport Business Park Development at the Griffiss International Airport. The Draft EA has been prepared in accordance with the Federal National Environmental Policy Act (NEPA) of 1969, as amended, Federal Aviation Administration (FAA) Order 1050.1F, and FAA Order 5050.4B. National Historic Preservation Act's Section 106 process and Section 4(f) of the US Department of Transportation (DOT) Act. The purpose of this project is to develop a large, unused "Triangle Area" at Griffiss International Airport with a mix of aeronautical (i.e., aviation) and non-aeronautical (i.e., non-aviation) uses to become more financially self-sustaining by maximizing the revenue potential of land under its ownership for the benefit of the Mohawk Valley region.

The DEA evaluates the environmental, social, and economic consequences of the Airport Business Park Development project.
