SECTION 1: PURPOSE

The Department is seeking proposals for Diversion Services (“Services”). The Department is looking for existing programs that have established goals and proof of successful outcomes. Proposals should provide program details for a diversion unit consisting of one supervisor and five diversion workers. This unit will be located in close proximity to the Department or co-located within the Department. Each worker will carry a caseload of up to ten youth at any given time. Diversion Services are designed to provide youth and families with **intensive** supportive options that allow youth to remain with their families and receive services in their own communities. Diversion staff is also responsible for identifying and providing critical linkages between families and the available resources within the community.

The Awarded Proposer(s) will provide Court Diversion/Detention Services in order to prevent out-of-home placement and to aid in the return of children from placement. The main goal of preventive services is to decrease the number of children entering placement and to return children who have entered placement to a community-based permanent living arrangement as soon as feasible. Whenever possible, children will be diverted from detention, and assessments will be conducted, with recommendations made for the least restrictive programmatic safeguard alternative to placement. The Awarded Proposer will pursue an aggressive policy regarding permanency planning for children at risk of entering care and children in care. The Awarded Proposer must possess expertise in working with families and have a thorough understanding of the Social Services system(s) and regulations applicable to child welfare and diversion services.

- 1.2 The Department is seeking a qualified cost-effective program supported by qualified staff to work collaboratively with the Department as we seek outcomes for the population being served.
- 1.3 As part of the RFP, the County will be using an outcome-based approach for the review, selection, and operation of these services.
- 1.4 Of particular interest to the County are proposals that offer collaborative efforts, innovative funding, continuity of service, and staff stability.

The Proposer shall furnish to the County, within five (5) days of request, all such information and data for this purpose as may be requested. The County reserves the right to reject any proposal if the evidence submitted by, or investigation of, such Proposer fails to satisfy the County that such Proposer is properly qualified to carry out the obligations of the contract and to complete the Services contemplated therein. Conditional proposals will not be accepted.

SECTION 4. SCOPE OF SERVICE

4.1 While the County is particularly interested in proposals that propose innovative approaches to improving outcomes for families and children, all laws, regulations and Department procedures must be complied with including the following:

- Awarded Proposers will cooperate with the Department and will provide the necessary services and documentation to ensure compliance with standards prescribed by federal, state and local law.

- Awarded Proposer must have the ability to be co-located within the Department.
- Services provided should include those services that are community-based, culturally

sensitive, and trauma-informed.

4.2 The Department is looking for established detention diversion programs as follows;

There are youth that commit serious offenses who need confinement within a secure setting. However, research supports that many youth confined in the juvenile justice system committed relatively minor offenses and have significant mental health issues or other extenuating circumstance influencing their behavior that could be resolved using community resources. These youth often are placed in out-of-home care when in fact community alternatives to placement could be utilized and safely and effectively provide the services that the youth requires to correct behaviors and be diverted from the juvenile justice system. A successful diversion program provides alternatives to initial and/or continued formal processing of youth in the juvenile delinquency system.

The structure and operation of diversion programs vary, but the overall goals are typically the same, namely, to address delinquent behavior informally in the community in an effort to prevent subsequent offending. Some diversion programs are established to provide specialized programming to better meet the needs of youth with mental health and/or substance abuse concerns. Typical services for youth and families in diversion programs are linked to include one or more of the following:

- Screening and assessment
- Education and tutorial services
- Victim awareness classes and activities
- Substance use education and counseling
- Job skills training
- Mental health treatment
- Crisis intervention
- Family counseling
- Parenting skill development
- Supports for rebuilding family relationships
- Quality recreation and organized sports programs.

Awarded Proposer(s) shall:

- Provide intensive family and community-based services to children at imminent risk of out-of-home placement, and their families, through home and community-based visits, to include school involvement. The intention is to reduce the number of children entering / reentering out-of-home placement, including youth under a PINS or JD docket, and helping them be maintained and/or return successfully into the community.
- Assist in assessing the appropriateness of placements, i.e. secure detention, non-secure detention, or alternatives to detention, based on regulation and availability of least-restrictive services.
- Conduct a thorough intervention with placement agencies and families to prepare and plan for discharge of youth with adequate provider services in place.
- Reunify children in out-of-home placement with their families as quickly as possible through training, education, and family support services designed specifically to strengthen the family unit. Service interventions are targeted at ensuring a safe, healthy, and nurturing home environment.

- Provide facilitation between Oneida County Family Court, other officers of the Court, Oneida County departments, and local providers of juvenile justice services to ensure that youth involved in the Oneida County juvenile justice system receive the services that support their needs.
- Meet with youth and their families at or before court appearances, and gather relevant information, including information about pending charge(s) and the underlying issues that led to the youth's arrest.
- Refer youth and their families to programs and services that could assist with reducing the risk of placement or initial or further involvement of the youth or other youth in the family in the juvenile justice system.
- In the event a youth does not yet have an assigned Case Manager or Case Planner, the Diversion Worker shall remain connected to the youth, the youth's family, and key providers during the predisposition period in Family Court, and shall assist the youth with referrals for services or placements, including placements outside of Oneida County, when necessary, and any necessary paperwork as required by the Court.
- Serve, at minimum, the awarded number of families at any given time during the contract term with a no-refusal policy.
- Accommodate families/individuals with limited English proficiency.
- Provide Services to youth as outlined in proposal and in compliance with New York State Regulations, regardless of the vacancy status of personnel.
- Provide Services as defined by New York State and Oneida County statute and policy.

4.3 Program Descriptions

Staffing: Awarded Proposer(s) will provide supervision and provide administrative oversight for the activities of their Services. Awarded Proposer(s) agree to provide the Services to the awarded number of families/youth at any one time. The cases will be referred by and/or final approval received by the Department. The Court Diversion/Detention program will be available flexible hours to better serve the needs of children and families.

4.4 Department-Required Operating Procedures:

- Referrals will be made and/or approved by the Department.
- The Awarded Proposer will maintain a database of youth and families served, with statistics including but not limited to dates served, issues addressed, concern/goal/notes, date left program, reason, and all other relevant data as requested by the Department for programmatic or planning needs. Stats shall be produced cohesively between all staff providing diversion services to an individual and/or family. This database shall be provided to the Department each month, attached to any submitted voucher.
- The Awarded Proposer will complete Title XX Eligibility forms for each family. The forms must be submitted monthly with an Oneida County Voucher no later than the 5th day of the following month to ensure payment and include a summary of the month's activity.

4.5 The County is seeking qualified cost-effective program to work collaboratively as we seek OUTCOMES that provide successful Diversion Services. Awarded Proposer should provide attainable program outcomes/measurements for consideration.

Outcome: Prevent out-of-home placement of children due to PINS, JD or JO behaviors exhibited in the home, school or community.

Performance: Diversion Worker shall have the knowledge and expertise to provide diversion planning for youth at risk of out-of-home placement. This will be evident in a thorough family assessment that identifies family strengths, needs and resources. The Diversion Worker shall make appropriate referrals for community-based services and provide oversight and support to monitor compliance with Services. The Diversion Worker shall refer all cases that are at high risk of placement to supervisory staff and will follow the recommendations as set forth by the supervisor and team.

Measurement: 75% of the youth referred to diversion planning will not present to Family Court or Youth Part within one year of the initial charge connected with the Diversion Services, as a result of noncompliance with services, and/or increase in related behaviors or a Juvenile Delinquency charge.

Measurement: 100% of the children identified by Awarded Proposer as needing placement outside the home will be reviewed by the team, and the Diversion Worker will actively implement all recommendations made by the team or Youth Part.
